Northwest Regional Dredging Team

Charter Agency Member

CHARTER

Vision

Dredging and disposal of sediments from Northwest harbors, channels and waterways is conducted in a timely and cost effective manner while meeting national and regional environmental protection, restoration, and enhancement goals.

Goals

The Regional Dredging Team will facilitate communication, coordination, and resolution of dredging issues among the participating Federal agencies, and will serve as a forum for promoting the implementation of the recommendations in the Report to the Secretary of Transportation, and subsequent recommendations of the National Dredging Team already functioning as recommended in the plan.
